

REMARKS

Drawings

Professionally drafted replacement drawings are included herein to overcome the rejection of the drawings.

Claim Objections

Claims 50 and 51 are amended to correct informalities.

Claim Rejections

The Office action indicates that claims 1-6, 8, 11-22, 24, 26, 28-30, 32-38, and 55-60 are allowed. Applicant would respectfully request that claim 10 also be allowed as depending from allowable claim 1.

The Office action indicated that claims 44, 45, 48, and 52-54 were objected to as being dependent upon a rejected claim, but that they would be allowable if rewritten in independent form including all of the limitations of the base claim. By this response, claim 39 was amended to include all of the limitations of claim 48 to capture the allowable subject matter. Because all of the other rejected claims (41-43, 46, 47, and 49-51) now depend, either directly or indirectly, from amended claim 39, all of these claims are also in condition for allowance.

In view of the foregoing and the previously submitted amendments and remarks, it is submitted that this application is in condition for allowance. Favorable consideration and prompt allowance of the application are respectfully requested.

The Examiner is invited to telephone the undersigned if the Examiner believes it would be useful to advance prosecution.

The Commissioner is hereby authorized to charge any additional filing fees required to Deposit Account No. 061910.

Respectfully submitted,

Dated: /February 6, 2007/
